WIFI – Access requires a paid 'Voucher' and is park wide. We do not guarantee the ability to connect to WIFI, that WIFI will work inside any camper/RV, or the speed users experience. A Voucher

purchased at the store can be used on more than one device but not at the same time, and a Voucher purchased on a device can only be used on that device.

There are two secure access points for connection; “OS-Guest-2” which requires both a “password” and a Voucher, and “OS-Guest-1” which requires only a Voucher.

Connecting Instructions

Step 1. Scan for networks.

Step 2. Select desired access point.

Skip to Step 4 if OS-Guest-1 is selected.

Step 3. Enter “**oakshores1432**” (this is the OS-Guest-2 password)

Step 4. Oak Shores Welcome Page will appear.

Step 5. Check box to “ACCEPT” Terms and Conditions.

Step 6. Do one of the following. . .

A. If you have a printed Voucher number purchased from the store

- scroll to bottom of welcome page to “I have a Voucher”.
- enter the Voucher number.

B. If you want to purchase a voucher through the device

- select amount of WIFI time you desire.
- make payment with debit/credit card.
- request e-mail receipt.

Note: Voucher number box will not display because Voucher number cannot be retrieved from a device.

WIFI Helpful Hints

- For a connection you may need to move to a location where the device receives the best signal.
- If unable to connect, manually turn off or "forget" all other connections then re-scan for networks.
- If you do not see the Voucher number entry box, it should pop up as soon as you attempt to open a web site.
- It is our experience that most SMART TV connection requires only a voucher number.
- Refunds are given only within 24 hours of purchase with the voucher number slip if purchased at the store or an e-mail receipt if purchased on a device.

We are not technology experts and cannot assist with connecting any device to WIFI.

We reserve the right to correct errors and omissions. All information is subject to change without notice.
